Section 1.3: Method of Award

Award of the initial project will be made to the lowest priced responsive and responsible vendor. To be considered “responsible” in terms of eligibility for award under this solicitation, the vendor must meet the following qualification standards:

- Bidder must demonstrate that they have been in business providing similar services for at least three (3) years.
- Bidder shall provide, at a minimum, three (3) comparable references of current work being performed, preferable with other government entities.

That vendor, and those vendors deemed to meet the above stated qualifications, and that

submitted pricing within a reasonable and realistic competitive range, will then constitute a “vendor pool” that will be solicited for subsequent quotes for future projects within the scope of this document. When such specific purchases are initiated, all vendors within the established “pool” will be requested to offer a firm fixed price for each specific project. The vendor offering the lowest fixed price shall be awarded that specific purchase.

The County reserves the right to restrict the number of vendors included under this contract considering the pricing proposed for the initial project, when such action serves the best interest of the County.

Section 1.4: Mandatory Site Inspection

Prior to submitting its offer, the vendor is required to visit the site of the proposed work and to become familiar with any conditions which may in any manner affect the work to be done or affect the equipment, materials and labor required to provide pricing for the initial project.

The initial bid shall be for the interior and exterior of the Lake County Library Services facility. The interior work shall include all walls, ceilings, doors trim, etc. This facility can be viewed during regular business hours. No additional allowances will be made because of lack of knowledge of these conditions.

For all subsequent services required, after notification by email, contractors shall visit the site of the proposed work within three (3) business days to verify the measurements and determine the extent of the services required, and shall provide the County with a quote before the noted due date and time. If the contractor fails to provide a quote within the specified time frame then their firm will not be considered for that particular project.

Section 1.5: Term of Contract – Twelve (12) Months

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Office of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for four (4) additional one (1) year period(s). - i. Due to the nature of this Agreement, the County shall at the time of establishment of need, require the Contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Failure to visually inspect the facilities or sites may be cause for disqualification of Contractor on that individual project.
- ii. Contractor shall furnish the County's Project Manager with every reasonable facility for ascertaining whether the work performed and/or materials used are in accordance with the requirements and intent of the specifications. If the County's Project Manager so requests, the Contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the Contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the County's Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the Contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the County's Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.
- iii. If during or prior to the operations, the County's Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the County's Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the Contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.
- iv. If during or prior to the operations, the County's Project Manager rejects any portion of the work on the grounds that the work or materials are defective, notice will be given to the Contractor. The Contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the County's Project Manager will send a second written

notice to the Contractor giving the Contractor another seven (7) calendar days to correct the defect. If the Contractor fails to correct the deficiency within the second seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another Contractor or terminating the contract.

- v. Should the Contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the Contractor's expense. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the Contractor's defective work and additional compensation due the County. The Contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.
- vi. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.
- vii. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indicated in the specifications. In the event the County's Project Manager finds the materials or the finished product in which the materials are used and not within reasonably close conformity to the specifications, the County's Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the County's Project Manager will document the basis of acceptance by a Change Order that will provide for an appropriate deduction as needed in the contract price for such work or materials as the County's Project Manager deems necessary to conform to the determination based on the County's Project Manager's professional judgment.

13. COUNTY'S PROJECT MANAGER

It is agreed to by the parties that the County's Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done; and materials furnished, under

- i. The Contractor acknowledges that time is of the essence in carrying out Contractor responsibilities. If the Contractor fails to have the project completed by the specified time, the County may, at its discretion, either apply liquidated damages or hire another company to complete the work as needed. Any additional cost incurred by the County because of the Contractor's failure to complete the project as assigned shall be deducted from the Contractor's final invoice.
- ii. Should the Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the Contractor, and not due to the Contractor's fault or neglect, the Contractor shall notify the County's Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the Contractor may have had to request a time extension.
- iii. If the Contractor complies with the two (2) business days' notice requirement, the County's Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the County's Project Manager's sole judgment, the findings of fact justify such an extension. The Contractor shall cooperate with the County's Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the Contractor's schedule. Extensions of contract time, if approved by the County's Project Manager, must be authorized in writing.

16. LIQUIDATED DAMAGES

- i. Unless otherwise agreed to, weather events are specifically excluded as excused cause for delay under this agreement and no additional days shall be given for rain days.
- ii. If the deficiencies have been noted and the remedies have not been completed within the contracted time, the County's Project Manager may send out a notification notifying Contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

- iii. The County and the Contractor recognize that, since time is of the essence for this agreement, the County will suffer financial loss if the work is not completed within the time specified. The County will be entitled to assess, as Liquidated Damages, but not as a penalty, for each calendar day after the scheduled completion date the project continues. The project shall be deemed to be completed on the date the work is considered complete to the satisfaction of the County. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the Liquidated Damages as a penalty. The parties agree that the Liquidated Damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

<u>Specific Project Amount</u>	<u>Daily Charge Per Calendar Day</u>
\$5,000 and under.....	\$ 25

\$30,000 or more but less than \$40,000	\$166
\$40,000 or more but less than \$50,000	\$228

- iv. County shall retain from the compensation to be paid to Contractor the above described sum.
- v. Any Contractor that is in default for not completing the work within the time specified, at the option of the County, may not permitted to perform work for the County until the project is complete and the liquidated damages sum is satisfied.

17. HOURS OF OPERATION

- i. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the Contractor and approval, in writing, has been granted by the County's Project Manager. Request for permission to work must be received by the County's Project Manager no less than two (2) days prior to the requested workday. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in General Terms and Conditions, Section 3, Emergencies, would apply. County Holidays are as follows:

- ii. Special schedules may be established if necessary because of problems with noise or similar difficulties affecting citizens in homes or buildings/rooms adjacent to the work being completed. When the Contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the Contractor the sum of Two Hundred Fifty Dollars (\$250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

18. CHANGES IN WORK

- i. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures, make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the Contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the Contractor shall commence performance of the work as specified.
- ii. The Contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the Contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the Contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.
- iii. Change orders shall not be issued for incidental items or tasks that should have been reasonably construed to be part of the project by the Contractor.

19. RETAINING OTHER CONTRACTORS

Nothing herein shall be deemed to preclude the County from retaining the services of other persons or entities undertaking the same or similar services as those undertaken by the Contractor or from independently developing or acquiring materials or programs that are similar to or competitive with the services provided under this Agreement.

20. CLAIMS AND DISPUTES

- i. Claims by the Contractor shall be made in writing to the County's Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the Contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the County's Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the Contractor shall be deemed to have waived the claim. All claims shall be priced in

accordance with the provisions of the section in this document entitled "Changes in Work".

- ii. The Contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

- a. Claims by the Contractor shall be resolved in the following manner:

The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The Contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentation, or to notify the County that the original claim stands as is.

- 2) If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the Contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

- b. Claims by the County against the Contractor shall be made in writing by the County's Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the County's Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the County's Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

- c. Arbitration shall not be considered as a means of dispute resolution.

If the vendor proposes to furnish an alternate product or service, the brand name of the product or service to be furnished shall be clearly identified. A formal submittal for the alternate/shop drawings shall be submitted. The evaluation of the bid or proposal and the determination as to acceptability of the alternate product or service shall be the responsibility of the County and will be based upon information furnished by the vendor. The County will not be responsible for locating or securing any information which is not included in the bid or proposal. To ensure that sufficient information is available, the vendor shall furnish as part of the bid or proposal all descriptive material by providing the manufacturer specification sheets so the County can make an informed determination whether the product offered meets the salient characteristics required by the specifications. Failure to do so will require the use of the specified products.

22. LABOR, FUEL, EQUIPMENT, & MATERIALS SHALL BE SUPPLIED BY THE CONTRACTOR

Unless otherwise stated in this solicitation the Contractor shall furnish all labor, fuel, equipment, and materials necessary for satisfactory contract performance.
